Dawn Lincoln presented a revised version of the collection of goals and objectives. This generated a discussion on the Table of Contents and format for the final version of the Master Plan before major editing.

Pat Baker presented an outline of the format used by surrounding towns for their master plan. Key in the outline was the table of contents and community profile. Next challenge – how does the Westmoreland Master Plan fit such a format?

Pat Baker volunteered to draft a Table of Content and possible vision section for Westmoreland using our data and goals for the next meeting. Pat will e-mail ASAP.

Pat Baker made a motion to adjourn, Carol Austin seconded, all voted in favor.
