Several members questioned the status of Westmoreland's membership in South West Regional Planning. Last year the town of Westmoreland decided not to participate in SWRP. Members of the Master Plan committee asked Bruce Smith to check next year's status and encourage the Planning Committee to rejoin— this would be a valuable resource for the land use section of the Master Plan.

Carol circulated an updated version of a proposed community profile. The committee discussed adding the acreages to the profile. Different sources listed the town as 35.9 mile or 36 miles. The group decided to add about 36 square miles and a map showing Westmoreland with the adjacent towns.

Carol Austin made a motion to use a section of a map supplied by SWRP, Bill Campbell seconded, all voted to accept.

The next major task is the land use section. Everyone agree to take a section and review for the next meeting.

Tom Finnegan – From the chart to Analysis of Development Capability

John Lukin - From the chart to Analysis of Development Capability to Future Development Patterns

All agreed to e-mail Dawn any updates of the above sections by Nov 10th.

Meeting adjourned at 8:32 PM.
